

Question Two

The website developer provides the following HTML snippet:

```
<a herf="products.html">Products</a>
```

```
<img scr="farm.jpg" width="300">
```

```
<h1 Wakulima Smart Farm </h1>
```

Required

- a) Identify three errors in the code. (3 Marks)
- b) Rewrite the corrected code. (2 Marks)

Answer:

a) Three errors in the code (3 Marks)

1. **In the <a> tag:** herf is misspelled. The correct attribute is **href**.
2. **In the tag:** scr is misspelled. The correct attribute is **src**.
3. **In the <h1> tag:** There is a missing closing > after <h1 and the text content is incorrectly placed as if it were an attribute. It should be <h1>Content here</h1>.

b) Corrected code (2 Marks)

```
<a href="products.html">Products</a>

<h1>Wakulima Smart Farm</h1>
```
